

RIVER HOSPITAL COMMUNITY REPORT

A message from River Hospital's CEO

Kelley Tiernan

This year has been one of meaningful growth and impact for River Hospital. As the need for accessible, high-quality healthcare continues to expand across our region, we remain committed to meeting that demand—thanks in large part to the continued support of our community.

Changes in healthcare access have left many individuals and families searching for care. In response, River Hospital has taken decisive steps to expand services, recruit additional providers, and invest in programs that address the evolving needs of our patients.

Over the past year, we broadened our specialty, surgical, and rehabilitation services, ensuring that more patients can access comprehensive care close to home. At the same time, we strengthened access to primary care—an essential foundation of a healthy community.

In June, we opened the River Community Clinic, providing free healthcare services for uninsured individuals. We also expanded our reach beyond our main campus with the opening of a new primary care clinic in Morristown. Together, these efforts reflect our commitment to ensuring that healthcare remains accessible throughout the communities we serve.

We have also made significant investments in the future of River Hospital. Enhancements such as new inpatient rooms, improved patient spaces, and advanced diagnostic technology position us to deliver exceptional care for years to come.

These accomplishments are a testament to the dedication and expertise of our providers, staff, and leadership team, who consistently strive to deliver outstanding patient experiences and quality outcomes.

Equally important, our progress is made possible by a community that believes in its hospital. Your trust, generosity, and partnership empower us to continue growing and adapting to meet our community needs. As we look ahead, River Hospital remains committed to advancing healthcare access, quality, and innovation for the patients and families we serve.

Thank you for your continued support.

A message from Board President, *Norman Snyder*

For over twenty-five years, River Hospital has been the cornerstone of health and wellness in the North Country. As a designated Critical Access Hospital, our mission remains to provide vital, patient-centered healthcare, which ensures access to compassionate, comprehensive health and wellness in our community. The healthcare landscape continues to face challenges that creates difficult obstacles that all hospitals must contend with on an annual, monthly and even weekly basis. Rising costs, qualified personnel shortages, budgetary constraints, and political headwinds, just to begin. River Hospital is no exception. The difference that sets us apart is an unwavering community that provides incredible support, a senior leadership team and staff that continually strives to be the best, and a committed, diversified, and experienced board of trustees. I have had the pleasure over the last 19 years of witnessing and being part of this dynamic triumvirate.

During 2025, we successfully transitioned to new leadership, added service lines and providers, began the last phase of a major building renovation, and built upon our “Campaign to Sustain”, reflecting our vision to ensure the hospital remains for future generations. Throughout 2026, we continue to balance multiple initiatives to provide compassionate, high-quality healthcare while maintaining stellar quality and safety metrics and instilling financial discipline that provides a stable foundation for future growth.

This region has experienced a tremendous amount of disruption in healthcare. River Hospital has done its part to fill the void and mitigate the impact on several thousand patients. We are grateful for the support we receive and for the pride that our workforce exhibits daily. It is reflected in how we treat every patient and their families. We continue to strive for excellence and to service the community by addressing its critical healthcare needs.

None of these accomplishments would be possible without the strong support of our community. I want to express my deepest gratitude to our dedicated volunteers, our generous donors, and the local leaders who champion our mission. Your trust empowers us to continue pushing the boundaries of what a rural critical access hospital can achieve.

Looking ahead, we remain committed to modernizing our facilities, expanding our provider network, and tackling the evolving healthcare needs of the North Country. The River Hospital Board of Trustees looks forward to working alongside you as we build an even healthier, more resilient future for our community.

Thank you for your continued trust and partnership.

OUR PHILOSOPHY OF CARE

RESPECT

We prioritize our patients, families and colleagues through dignity and compassion, resulting in the most effective and positive patient experience.

INCLUSION

We embrace a culturally diverse population as part of our River Community.

VALUE

We place our patients and their family at the center of their care, and act as allies to support autonomy and the right to choose.

EXCELLENCE

We meet the needs of our community by delivering the right service at the right time. By understanding our limitations, we develop and nurture partnerships to ensure exceptional care.

RECOGNITION

We stand with you as one community and understand that everyone has their own unique story.

OUR MISSION

To deliver vital patient centered healthcare, which ensures access to compassionate, comprehensive health and wellness for our Northern New York Community.

OUR VISION

To promote the advancement of rural healthcare, creating a healthier future for our community.

OUR VALUES

Teamwork
Compassion
Accountability
Integrity
Community

River Hospital's DAISY & BEE AWARDS

Diana Cockrill, RN, DAISY August 2025

Erica Denner, LMSW, BEE August 2025

Recipients of the DAISY and BEE Awards exemplify the very best of compassionate, patient-centered care. These individuals are recognized for going above and beyond in their roles—whether through extraordinary clinical skill, heartfelt empathy, or unwavering dedication to patients, families, and colleagues. Nominated by those they impact most, each honoree reflects a commitment to excellence and a deep respect for the human side of healthcare. Their stories serve as powerful reminders of the difference one person can make and inspire our entire organization to continue to deliver care with kindness, integrity, and purpose.

River Hospital has two awards that honor the hard work, dedication, and commitment of our employees:

- The **DAISY** Award for nursing recognition
- The **BEE** Award for employee recognition

Want to say Thank You to a River Hospital Employee?

Nominations remain open for those who wish to recognize an employee who has gone above and beyond. To submit a nomination, simply scan the QR code and complete the nomination form.

Investing in Our Greatest Asset: *Our People*

River Hospital is proud to recognize Dick and Deb Macsherry for their lasting commitment to the professional growth of our workforce through the Macsherry Staff Education Fund.

Created to support continuing education, professional certifications, and career advancement, the fund reflects the Macsherrys' belief that exceptional healthcare begins by investing in the people who provide it.

Since its inception, the fund has helped employees across multiple departments pursue advanced training and specialized credentials, strengthening both individual careers and the quality of care provided throughout the Thousand Islands region.

In 2025, the fund supported 14 employees pursuing professional development, including certifications in emergency nursing, cyber security, occupational therapy, and behavioral health. Demonstrating their continued generosity, Dick and Deb expanded the fund to \$85,000 this year, creating even greater opportunities for staff advancement. Current recipients include two nurses pursuing advanced certifications and one employee earning a Bachelor of Science in Nursing (BSN).

The Macsherry Staff Education Fund strengthens River Hospital's ability to recruit, retain, and develop highly skilled healthcare professionals. Through their generosity and vision, Dick and Deb Macsherry are helping ensure employees have the education and opportunities they need to thrive—strengthening the future of healthcare in our community.

NAVIGATING YOUR HEALTHCARE JOURNEY!

River Hospital has been vital to community care since 1941

PRIMARY CARE

At River Hospital, the goal of Primary Care is to provide compassionate, comprehensive, and accessible healthcare close to home for every patient we serve. Our Primary Care team is committed to building lasting relationships with patients while focusing on prevention, early detection, chronic disease management, and overall wellness.

CONVENIENT CARE

Convenient Care provides fast, accessible, and high-quality medical care when patients need it most without the need for an appointment. Convenient Care is designed to offer timely treatment for minor illnesses, injuries, and everyday healthcare needs while helping patients avoid unnecessary trips to the emergency room.

SPECIALTY SERVICES

Providing patients with access to expert, specialized medical care close to home. We are committed to expanding healthcare opportunities within our community by offering advanced services that support the diagnosis, treatment, and ongoing management of complex health conditions.

Specialties offered at River Hospital:

Cardiology | Colorectal | Dermatology | Ear, Nose, Throat (ENT) | General Surgery | Gynecology | Interventional Pain Management | Nephrology | Orthopedics | Pulmonary | Urology | Vascular

EMERGENCY ROOM

At River Hospital, the Emergency Room provides immediate, high-quality, and compassionate care for patients facing urgent and life-threatening medical situations. Our Emergency Room team is dedicated to being ready 24 hours a day, 7 days a week, delivering rapid assessment, treatment, and stabilization when every second matters.

LAB, RADIOLOGY, & THERAPEUTIC SERVICES

These services are additional diagnostic or supportive measures that providers use to help treat patients. River Hospital offers the following:

Lab Services | Radiology | Respiratory | Physical Therapy | Occupational Therapy

BEHAVIORAL HEALTH

River Hospital's Community Wellness Program serves the community mental health needs for children, adolescents, and adults with structured treatment programs to help patients reach their goals. In addition, River Hospital's Post-Traumatic Stress Services offers mental health services on an outpatient treatment basis to soldiers and high-risk occupations suffering from post-traumatic stress disorder.

AMBULATORY SURGERY

The Ambulatory Surgery provides safe, efficient, and high-quality surgical care in a comfortable and patient-focused environment. Our team is dedicated to delivering outpatient surgical services and outpatient infusions that allow patients to receive expert care close to home while returning to the comfort of their own homes as quickly and safely as possible.

Call 315-482-2511 for more information or to schedule an appointment.

Expansion of SPECIALTY SERVICES

River Hospital is proud to now offer an expansion of specialty services, including the addition of Ear, Nose and Throat (ENT), Interventional Pain Management, and Gynecology specialists.

EAR, NOSE, & THROAT (ENT)

David Gordon, MD

Dr. David C. Gordon, a Board-Certified Otolaryngologist, joined the River Hospital medical staff in a partnership with Samaritan Medical Center to seeing patients of all ages and performing surgical procedures. His goal is to treat conditions of the ears, nose, and throat (ENT), with a focus on sinus and allergy-related diseases

Services provided include:

- Pediatric ENT conditions
- Hearing and balance issues
- Mouth and throat conditions
- Thyroid and parathyroid disorders

INTERVENTIONAL PAIN MANAGEMENT

Aathi Thiyaga, MD

Dr. Aathi Thiyaga, Interventional Pain Management Specialist, joined the River Hospital medical staff to provide procedure-driven pain relief using image-guided interventions. His goal is to help patients improve function, mobility, and overall quality of life through minimally invasive techniques.

Services provided include:

- Ultrasound and fluoroscopy-guided procedures for spine, joint, and nerve-related pain
- Collaborative, multidisciplinary care with surgeons, physical therapists, chiropractors, mental health providers, and primary care providers
- Carefully selected pain management medications, when clinically appropriate, to complement procedural treatment plans

GYNECOLOGY

John Barrett, MD

Dr. John Barrett, Gynecologist, joined the River Hospital medical staff to provide comprehensive women's health services. His goal is to offer high-quality gynecologic care close to home, helping women access essential procedures and treatments within their community.

Services provided include:

- Minor laparoscopic gynecologic procedures
- Tubal ligation procedures
- Dilation and curettage (D&C) procedures
- Evaluation and treatment of a variety of women's health concerns

River Hospital offers a wide variety of specialty services, close to home!

GROWING *Care!*

Construction Progress:

River Hospital is currently renovating the final areas of the hospital that were not included during the last construction project completed in 2020.

Envision a future with...

- Larger, modernized inpatient rooms to include private bathrooms and showers
- Upgraded visitor and staff dining area with a river view
- Expansion of the interior footprint of the first floor and river level
- Updates to the existing imaging area
- Additional clinical space to grow services provided

Stay up to date with our construction progress by scanning the QR code or visiting our website at riverhospital.org/about/construction-update

Scan with Your Camera

Expanding Care in Morristown

River Hospital proudly expanded its healthcare footprint with the opening of the Morristown Clinic in June 2026. This new location reflects the hospital's ongoing commitment to improving access to high-quality, patient-centered care for residents throughout the region.

The clinic is led by Dr. Kelly Scott, whose extensive experience and dedication to compassionate, personalized healthcare make her a valuable addition to the River Hospital team. Dr. Scott provides comprehensive primary care services designed to meet the healthcare needs of individuals in the Morristown community.

The opening of the Morristown Clinic represents an important step in River Hospital's mission to bring convenient, accessible healthcare closer to home while strengthening the health and well-being of the communities it serves.

A New Door to Healthcare Opens

River Hospital is exciting to announce the opening of the River Community Clinic marking a significant step forward in expanding access to essential healthcare services within our community. Designed to serve individuals and families who are uninsured, the clinic provides high-quality care regardless of a patient's ability to pay. The River Community Clinic was made possible through a partnership between River Hospital and founding donors Gretchen Scott and Lloyd Buchanan. Inspired by the legacy of Dr. George Sturtz and longtime River Hospital volunteer Judy Randall, the clinic reflects a shared commitment to ensuring that every neighbor has access to compassionate, healthcare close to home. Since welcoming its first patients in June, the River Community Clinic has helped remove barriers to care by providing routine check-ups, vaccinations, preventive services, and chronic disease management. This initiative reflects our ongoing commitment to health equity and strengthens our mission to ensure that everyone in our region has access to the care they need.

A letter from the Executive Director of Development Stephanie Weiss

There's a moment every summer when the Thousand Islands begins to hum again. Boats return to the water. Families gather on docks and porches. The restaurants fill up again and old friends arrive. Life here feels vibrant and alive in a way that is definitely different from winter! As a summer person turned to a year round resident, I love this time of year, even if there are longer lines at the grocery store.

It's easy to forget that, behind all of that life and activity, River Hospital remains what it has always been: a constant source of care, reassurance, and stability for this community. As someone whose own family has depended on River Hospital in moments of crisis, I never lose sight of how extraordinary it is that this level of care exists in a small, rural community like ours. And it exists because generations of people have chosen to protect it.

Consider that last year alone, River Hospital provided more than 7,400 emergency room visits, nearly 20,000 mental health visits, over 9,200 physical therapy visits, and countless moments of reassurance, compassion, and care when people needed it most. Behind every number and visit is a person. The spirit of our hospital is caring for those people.

That spirit continues today through the River Hospital Endowment Campaign. Thanks to the generosity of this community, we are now 78% of the way toward our goal of building a permanent financial foundation for River Hospital's future. This work is about more than fundraising. It is about stability, independence, and ensuring that quality healthcare remains close to home for generations to come.

One of the things I love most about working and living in this community is that when River Hospital needs help, people step forward. From the community effort that saved the hospital from closure years ago to the extraordinary support we continue to see today, this hospital's story has always been one of community strength and responsibility.

On behalf of all of us at River Hospital, thank you for being part of that story. Your generosity, advocacy, and belief in this mission truly make a difference every single day.

With gratitude,

Stephanie Weiss
Executive Director of Development

\$5,000,000

Goal

\$3,900,000

Raised

Your Endowment at Work

Because of the generosity of endowment donors, River Hospital is already putting endowment earnings to work in meaningful ways that strengthen patient care and support long-term stability.

Lifesaving Emergency Equipment

Endowment funding helped purchase an automatic chest compression device that delivers uninterrupted CPR during emergencies, improving care during critical moments when every second matters.

Supporting Staff Recruitment and Retention

Most recently, endowment earnings were used to help offset rising employee benefit costs, supporting the recruitment and retention of the dedicated healthcare professionals our community depends on every day.

These investments reflect the purpose of the River Hospital Endowment Fund: providing sustainable support that helps ensure River Hospital remains strong, stable, and ready to serve for generations to come.

RIVER HOSPITAL

2025 Donors

Thank you to every single one of our donors for the generous support and commitment to our hospital. Your contributions help us enhance patient care, invest in new technology, and expand essential services for our community. We are deeply grateful for your partnership in making high-quality, compassionate care possible close to home.

The gifts listed were made between January 1, 2025 to December 31, 2025
Names in bold are members of the Custis Society, donating over \$5,000 cumulatively to River Hospital.

A GIFT THAT KEEPS GIVING

Dani Baker's generous support made it possible for River Hospital to purchase advanced clinical training manikins used to teach and practice life-saving skills. Through CPR certification, emergency response training and advanced clinical education, these tools will help healthcare professionals strengthen critical skills and prepare for real-world patient situations.

Every staff member who trains with this equipment, and every patient who benefits from that training, becomes part of Dani's lasting legacy of support for community healthcare.

A Community That Cares

Every name on these pages represents a choice to strengthen healthcare close to home.

Some gifts honor a loved one. Others celebrate a milestone, express gratitude for compassionate care, or simply reflect a belief that our community deserves access to excellent healthcare. Together, these acts of generosity help ensure River Hospital remains a place where neighbors care for neighbors, today and for generations to come.

TAKING THE PLUNGE FOR BETTER PATIENT CARE!

The 36th Annual Polar Bear Dip brought together 155 dippers and hundreds of spectators at Bonnie Castle Resort and Marina, raising an incredible \$117,000 to support upgraded vital sign monitors for River Hospital's Emergency Department and Ambulatory Surgery Unit.

With participants braving the icy waters of the St. Lawrence River in creative costumes and high spirits, the event showcased the generosity and community support that have made the Polar Bear Dip a cherished tradition. Over the past 36 years, the fundraiser has generated more than \$1.2 million for critical equipment and patient care improvements at River Hospital.

River Hospital extends its sincere appreciation to Bonnie Castle Resort and Marina, the many volunteers, safety personnel, sponsors, and everyone who participated in making this year's event another outstanding success.

Stay Connected

If you would like to receive River Hospital's routine announcements, event invitations, and community updates, we'd love to keep you informed. To be added to our mailing list, please contact Chelsea Campbell at ccampbell@riverhospital.org.
